

Schedule of Fees

The following is a schedule of fees for various services. We generally impose fees only to recover our expenses. As part owners of a not-for-profit cooperative, members have the responsibility of sharing reasonable operating expenses pertaining to their individual accounts. **Below, please find the updated Products and Services Fee Schedule, which is effective February 1, 2025**

Service of Various Savings Accounts	FEES

How to Avoid Fees

Excess Withdrawal Fee: Allow your savings to accumulate. Set your deduction at an amount you can "afford" to save without making withdrawals.

Low Balance Fee: Keep at least a \$25 balance at all times to preserve your membership.

Returned Mail Fee: Keep us informed when you relocate. It's costly for us to send mail, have it returned, and then research to find your current address.

Escheat Research Fee: Perform at least one transaction per year. Dividends aren't considered transactions.

Postage Reimbursement Fee: Enroll in our electronic statement product eStatements.

Check Copies Fees: Free check images if retrieved from our Online Banking product.

Swivel Loan Payments: Set up a recurring payment for free by setting up an ACH Draft from a non-Members Credit Union deposit account (not available if using a debit/credit card.)

Most of these fees can be avoided by properly maintaining your checking account. Balance your account each month. Consider overdraft protection to avoid overdrawing your account.

Federally Insured by the NCUA
